WHAT A YEAR @ COASTAL PRODUCTIONS!

2007 has been another very busy year for Coastal Production's. The development of a new logo and website will take us into 2008 with a fresh new look!

Some powerful creative work by Georgia has given many client events a new look and she is currently redesigning the decor in the Coastal offices, with a brief from directors to replace the board room with a cigar bar and espresso machine? Not likely!

We are delighted to celebrate the end 2007 with our appointment as the in-house theming and audio visual suppliers for Q Events.

May we take this opportunity to wish all our clients, suppliers, industry partners and most importantly our staff and their families a Merry Christmas and we look forward to working with you again in 2008.

Please note our office will be closed for the Christmas break from December 21 and reopening on January 10, 2008.

NEW YEAR - NEW LOOK

Over the next few weeks you will notice a new look to Coastal Productions! After receiving fantastic feedback from you our clients, we have developed a fresh contemporary image.

To better reflect the professionalism, creativity of our team and to reinforce our consistent service quality to our clients, Coastal Productions' new symbol will be easily recognised and exemplify the way we go about our business.

What has changed? A new web-site, that is user friendly, informative and very visual to give you ideas and inspiration for your next event.

A new contemporary logo and our Coastal View e-newsletter will have a design change to reinforce new ideas and our image! For more information contact laura@coastalproductions.com.au

NEWS
